

MASL/Course information for D171002 / ZZ41003 at MAXWELL AFB, AL (DMAX)Have a course revision request? [Click Here](#)

MASL: D171002
Course Number: ZZ41003
Course Title: AIR COMD & STAFF COLLEGE
CDP:
Location Code: DMAX
Location of Trng: MAXWELL AFB,AL,36112-6323
ECL: 70
Set: A
Analysis Code: PME-Senior Level (AA)
OPI:
EIMET: N
TOEFL Score:
Training Type: COURSE
TEAM Type:
Waiver:
Security: Unclassified
Sensitive: No
Prerequisite MASL: D171014 (INTL OFF SCH (FOR AC&SC))

Course Description:

Air Command and Staff College (ACSC), the Air Forces intermediate professional military education (PME) school, prepares field grade officers of all services (primarily majors), international officers, and US civilians to assume positions of higher responsibility within the military and other governmental arenas. Geared toward teaching the skills necessary to conduct air and space operations in support of a joint campaign, ACSC focuses on shaping and molding tomorrow's leaders and commanders. The colleges academic environment stimulates and encourages free expression of ideas as well as independent, analytical and creative thinking. The curriculum meets requirements and guidelines for Phase I of the Program for Joint Education (PJE). Further details of the ACSC program course descriptions and other curriculum information may be found at <http://www.wacsc.au.af.mil>.

Prerequisites:

None

Notes:

000510 - Secret clearance must be obtained and properly recorded on the student's invitational travel order before allowed to enter training.

Int'l Notes:

The International Military Student (IMS) arrival period begins on the posted report date and continues for the next several calendar days. (It is not limited to one day.) SAOs/IMSs should arrange for students to arrive during the arrival period. The IMSO Orientation Brief is the first official IMS formation. It will be conducted on the first Friday following the arrival period. Depending on holidays, this usually allows 3 – 4 days for students to arrive with support from the International Officer School (IOS). Students arriving in Montgomery before the arrival period (i.e., the first date reflected on the ITO) cannot be guaranteed IOS support. Arrival information should be posted on the SANweb no later than (NLT) one month prior to course start date and include the name, age and gender of all family members who will accompany the IMS upon arrival. Contact the IOS with questions, DSN: 493-6914/6338.

The Invitational Travel Order (ITO) should be posted to the SANweb NLT one month prior to course start date. It is essential the ITO contains complete and accurate information.

ACSC students will be issued laptops for official use during their educational program. All international students are expected to be proficient in computer use for research projects, test taking, daily schedule review and e-mail correspondence. E-mail is used extensively within the US military as a means of communication.

Health care in the US is not nationalized and without adequate health insurance coverage, it is very expensive. Some countries have reciprocal health care agreements with the US. If the IMS's country does not, he/she must have adequate medical/dental insurance coverage for the duration of their stay in the US (to include a leave period, if authorized, following ACSC graduation). IMSs are required to pay for dependents medical expenses and will show proof of health insurance coverage before departing from country. The IMS and dependents must also be medically vetted prior to departing country.

Temporary lodging facilities for families are limited on Maxwell AFB. It is likely the IMS who arrives accompanied by dependents will reside in a hotel off base until finding a suitable home or apartment to rent. Housing for unaccompanied students will depend on the country's agreement with the US, but most will live on base. For those who will reside off base, the IOS strongly recommends not signing a rental agreement or lease until visiting the property. Students also need to be aware that where they live designates their children's school district (if a public school) and should take into consideration the quality of the local school. A lease should also be reviewed by the Maxwell legal office (a free service). The IOS recommends purchasing renter's insurance too. Whether renting a house, apartment or living in base lodging, this relatively inexpensive insurance offers financial protection against loss or destruction of belongings.

Students should bring the following uniforms with them:

- Service dress (coat and tie) for official photos and social events
- Utility uniform (flight suit or battle dress) for everyday use
- Short and long-sleeved shirts and uniform pants for trip/event requirements

IMSs attending ACSC may be eligible to participate in ACSC's Master's Degree program. This does not change the requirements for IMSs to attend ACSC. Students who attend and satisfactorily complete graduation requirements will earn a diploma. However, an additional opportunity is available for those who meet Master's Degree admission requirements and wish to apply. Only those who hold a US Bachelor's Degree, or its equivalent, or are admitted based on the portfolio option and meet the English language proficiency requirement are eligible for the Master's Degree program. If the IMS is interested in pursuing a Master's Degree, they should contact the Air University Registrar's office at DSN: 493-8128/4749.
